ABOUT ME

As far as the business goes I was an agent/realtor for 5.5 years before I got my brokers license in March of 2024! I am a second generation real estate professional with more than 20 years of customer service experience, it's just part of who I am. I love meeting new people and helping them do things they would otherwise not be able to do themselves. Personally, my faith is the foundation of who I am today. My family and I are members of a local church in Carrollton where you'll find me serving hot coffee and tea most Sundays. We also enjoy road trips in our RV, gardening, and developing our homestead one project at a time.

MY PHILOSOPHY

I will tell you what you need to know, not what you want to hear. When it comes to selling real estate it's not about you anymore, it's about the market.

My goal is always to help you sell for profit and get the best deal, but at the end of the day I don't control the market, I control what goes into it and what comes out. I help you navigate!
